## PRODUCT SERVICE INFORMATION

**Document number: P0018**

*For further technical information regarding testing, repairs or to search for New or Remanufactured Automotive electronic products, please visit [www.injectronics.com.au](http://www.injectronics.com.au), call our office on (+613) 8792 6999, or email [sales@injectronics.com.au](mailto:sales@injectronics.com.au)*

**Vehicle: Holden Astra TS X18XE series 1**

**Subject: 5WK91708 unlock / factory reset mode**

This ECM is supplied in an unlocked / factory reset mode and will require the use of a factory scan tool, Tech2 & TIS to program and synchronize this ECM to the vehicles immobiliser system. Please refer to the OE workshop manual for instructions.

No programming (SPS) or variant coding is required for this ECM.

Alternatively, if the required scan tools are not available, Injectronics can program this ECM for you to suit your vehicle. Please contact Injectronics for programming options and components required for programming a replacement ECM.

Note: If using this ECM on a trial basis and returning for a full credit it will require you to reset it back into an unlocked / factory reset mode to avoid any additional fees.
